

Monday 7th November - Day One

0700 - 0900	Registration Opens (Tea and coffee available)			
0900 - 1010	Opening Plenary Session: The “means” of the mission: the evidence (Hickinbotham Hall) Official opening ceremony (0900 - 0920) Welcome: Professor Alan Pearson (0920 - 0940) Keynote 1: Prof Jonathan Craig (AUS): The evolving role of the systematic review and developments in producing and disseminating “end user oriented” information for policy and practice (0940 - 1010)			
1010 - 1040	Morning tea and Exhibition & JBI Global Learning Centre Launch (The Vines)			
Concurrent Symposia/ Sessions				
1040 - 1200	Mission 1: Evidence synthesis science (Hickinbotham Hall)	Mission 2: Evidence utilisation science (The Gallery)	Mission 3: Evidence transfer science (Exhibition Hall)	Mission 4: Practice improvement science (Broughton)
1040 - 1100	Understanding guideline implementation in nursing: a review and lessons learned Harrison, M (CAN)	Developing an evidence-based survivorship care guideline for patients with breast cancer in hospitals in Taiwan Chen, YC (TAIWAN)	Virtual Evidence Based Policy Development in Community Care Kralik, D (AUS)	Preparing to PROWL - Prevention and reduction of weight loss in the acute care setting Long, L (AUS)
1100 - 1120	Continued	Systematic review and cross cultural adaptation of clinical guidelines for the prevention of intravascular catheter-related bloodstream infections in Taiwan Chou, SS (TAIWAN)	Preparing future healthcare professionals for the mission of getting evidence into practice: Implementing a problem-based learning methodology to strengthen students' self-efficacy for evidence translation Moore, E (USA)	Mission impossible: Minimising drug use in febrile children Watts, R (AUS)
1120 - 1140	Continued	Establishment a culturally sensitive non-pharmacological cancer pain management guideline for adult patient in Taiwan Huang, HM (TAIWAN)	Evidence based practice capacity building: Enabling the process of getting evidence to the point of care in Allied Health Melder, A (AUS)	A palliative approach in residential aged care: the General Practitioners' viewpoints Tuckett, A (AUS)
1140 - 1200	Continued	Establishment of an evidence-based comprehensive cancer pain assessment for cancer patient Kuo, SC (TAIWAN)	Validation of the Chinese Version of the Walking Impairment Questionnaire in patients with end-stage renal disease undergoing haemodialysis Chen, L (TAIWAN)	Establishing non-nutritive breast tasting/ sucking by mothers, with infants greater than 30 weeks gestation receiving kangaroo skin to skin care in a neonatal unit Macey, J (AUS)
1200 - 1300	Lunch, Exhibition and Poster Display (The Vines & Hickinbotham Hall)			

Concurrent Symposia/ Sessions				
1040 - 1200	Mission 1: Evidence synthesis science (Hickinbotham Hall)	Mission 2: Evidence utilisation science (The Gallery)	Mission 3: Evidence transfer science (Exhibition Hall)	Mission 4: Practice improvement science (Broughton)
1300 - 1320	Evaluating the effects of using the mobility assessment sub-scale within the Braden Scale on pressure ulcer incidence and preventive interventions in an adult acute care settings: A systematic review Mordiffi, S (SING)	Developing an evidence-based clinical guideline for providing oral care in chemotherapy and radiotherapy cancer patients in hospitals in Taiwan Lin, S (TAIWAN)	A competency-based in-house training program for resource staff in an EBP Hospital Support Unit Garruba, M (AUS)	VTE Risk Assessment: Rural Nurses knowledge and use in a Rural Acute Hospital, can this be improved with education. Gaston, S (AUS)
1320 - 1340	Maternal mortality in Cambodia, Malaysia, Thailand and Sri Lanka: a review of practice and policy strategies. McArthur, A (AUS)	Developing an evidence-based clinical guidelines for providing nursing care to cancer patients receiving myelosuppressive chemotherapy and/or radiotherapy in hospitals in Taiwan Wen, MH (TAIWAN)	Building Chinese-English evidence-based database of Chinese RCT/CCT nursing studies He, M (PR. CHINA)	Centering Pregnancy (Group) Program for Women with Diet Controlled Gestational Diabetes Aguilar, D (USA)
1340 - 1400	Strategies to Promote Adherence to Treatment of Tuberculosis Patients Picheansathian, W (THAI)	Establish clinical care guidelines for the initial diagnosis of primary malignant brain tumor in adults Weng, MR (TAIWAN)	Childbirth practices in Jordanian public hospitals: consistency with evidence-based maternity care? Shaban, I (JORDAN)	The survey of hospital nurses' barriers to evidence-based practice in a Taiwanese medical centre Wang, W (TAIWAN)
1400 - 1420	The experience of living with chronic manifestations of Lymphatic Filariasis among patients 15 years and older in developing countries: a systematic review Enuameh, Y (GHANA)	Permanent colostomy evidence based nursing guideline in Taiwan Sang, YY (TAIWAN)	Promote, prepare, polish, proliferate. Increasing publication output in a School of Nursing Wilson, A (AUS)	Relationships between uncertainty, family resilience and quality of life in mothers of children with cancer Chih-Yu, H (TAIPEI)
1420 - 1450	Afternoon tea and Exhibition (The Vines)			
1450 - 1600	Plenary Session: Gathering intelligence: surveillance reports from the field (Hickinbotham Hall) Are evidence based healthcare principles infiltrating policy and practice across all of the health professions? Are they infiltrating amongst users of health services? What are the observable impacts? Dr Bart Geurden (BELGIUM), University of Antwerp Dr Suzi Robertson-Malt (QATAR), Sidra Medical & Research Centre Qatar Leah Mwai (KENYA), Kenya Medical Research Institute Dr Susan Weeks (USA), Texas Christian University Dr Joseph Molina (SINGAPORE), National Healthcare Group Prof Rhonda Griffiths (AUS), University of Western Sydney			
1600	Close			
1600 - 1800	International Welcome Reception: <i>Stirred, not shaken</i> & Launch of JBI@LWW (The Terrace and Hickinbotham Hall)			
1800	Joanna Briggs Institute Fellows Assembly (Broughton)			

Tuesday 8th November - Day Two

08.30 - 0900	Registration Opens (Tea and coffee available)			
0900 - 1010	Plenary Session: The goal of the mission: improving global health (Hickinbotham Hall) Keynote 1: Dr Neil Pakenham-Walsh (UK), Improving health in developing countries (0900 - 0930) Keynote 2: Prof Jos Kliejnen (UK), Improving health in advanced economies (0930 - 1000) Open forum/panel discussion (1000 - 1010)			
1010 - 1040	Morning tea and Exhibition (The Vines)			
Concurrent Symposia/ Sessions				
1040 - 1200	Mission 1: Evidence synthesis science (Hickinbotham Hall)	Mission 2: Evidence synthesis science (The Gallery)	Mission 3: Evidence utilisation science (Exhibition Hall)	Mission 4: Practice improvement science (Broughton)
1040 - 1100	A systematic review of effectiveness of patient therapeutic education in children diagnosed with cancer and their family on health outcomes including health-related quality of life measures and health care utilisation Ramelet, S (SWITZ)	The Experience of being a neutropenic cancer patient in an acute care isolation room: a systematic review of qualitative evidence Lee, Y (SING)	Learning more about nurses' use of evidence for skin hygiene and continence care Kent, B (AUS)	The roles and functions of genetic nursing Yang, H (TAIWAN)
1100 - 1120	A randomised controlled study examining the impact of a staffing model and nursing care delivery system on patient, nurse and organisational outcomes Kannusamy, P (SING)	The measurement of social class in epidemiology: a systematic review Soares, C (BRAZIL)	An evaluation of an evidence-based smoking cessation service in an acute hospital in the UK Hamilton, S (UK)	Patient participation in a surgical care unit in Sweden-improvement possible with an uncomplicated tool Jangland, E (SWEDEN)
1120 - 1140	The effectiveness of strategies and interventions that aim to assist the transition from student to newly qualified nurse Carrier, J (UK)	The meaningfulness of quality of life in women diagnosed with breast cancer: a systematic review Devi, M (SING)	Decision coaching to prepare patients for making health decisions: A systematic review of decision coaching in trials of patient decision aids Stacey, D (CAN)	Poverty and the Challenge of Urban Health in Nigeria Nwaka, G (NIGERIA)
1140 - 1200	e-health strategies to promote and support evidence-based healthcare practice in clinical settings in Cameroon Tanywe, C (CAM)	Nurse perceptions of the impact of nursing care on patient outcomes: has the evidence influenced attitudes? Schreuders, L (AUS)	Improving hand hygiene practice in nursery during diaper changing - a best practice implementation project Phang, K (SING)	The Effect of Telecare Intervention on Knowledge and Health Behaviours in Community-dwelling Adults with Chronic Diseases Mann-Chian, W (TAIWAN)
1200 - 1300	Lunch, Exhibition and Poster Display (The Vines and Hickinbotham Hall)			

Concurrent Symposia/ Sessions				
	Mission 1: Evidence synthesis science (Hickinbotham Hall)	Mission 2: Evidence synthesis science (The Gallery)	Mission 3: Evidence utilisation science (Exhibition Hall)	Mission 4: Practice improvement science (Broughton)
1300 - 1420	Mission 1: Evidence synthesis science (Hickinbotham Hall)	Mission 2: Evidence synthesis science (The Gallery)	Mission 3: Evidence utilisation science (Exhibition Hall)	Mission 4: Practice improvement science (Broughton)
1300 - 1320	A Systematic Review of the Influence of Transformational Leadership Style on Nursing Staff in Acute Care Hospitals Holly, C (USA)	The effectiveness of physical leisure time activities on the older adult's physical functioning: A Systematic Review Pai, L (TAIWAN)	Implementation of Best Practice Evidence in the Nursing Management of Graduated Compression Stockings (GCS) in the Prevention of Venous Thromboembolism in an Adult Surgical Setting Min Yuan, T (SING)	Pressure ulcer prevention in Sweden - Evidence-based guidelines and prevalence studies on the national agenda Gunningberg, L (SWEDEN)
1320 - 1340	"Ever tried gluing a balloon back together?" The challenges of living with COPD Kirkpatrick, P (UK)	Care giving Experiences of Families Living with Schizophrenia: a Systematic Review Tungpunkom, P (THAI)	Effectiveness of a multi-component knowledge translation strategy for changing health professional's evidence-based practice behaviour: An evaluator blinded cluster-randomised controlled trial Campbell, L (AUS)	Bed baths old habits or new technology - how to improve practice when new knowledge is developed Noddeskou, L (DENMARK)
1340 - 1400	Intraoperative brain activity monitoring and post-anaesthesia care unit length of stay: Results of a systematic review Riddle, D (USA)	Telephone follow-up for patients after myocardial revascularization: a systematic review Furuya, R (BRAZIL)	SHARE - Sustainability in Health care by Allocating Resources Effectively: an evidence-based approach to investment and disinvestment in health technologies in a regional health service Harris, C (AUS)	Women's Health Promotion: A framework for action Young, L (CAN)
1400 - 1420	Evidence synthesis: Knowledge translation strategies to put research into practice in allied health. A systematic review Hofmeyer, A (AUS)	A comprehensive systematic review of age-friendly nursing interventions in the management of older people in emergency departments Pearce, S (AUS)	Teach Back Method: Improving Heart Failure Patients' Education Retention and Preventing Readmission Garcia, C (USA)	Translating evidence from multiple guidelines into evidence informed clinical practice protocols for remote symptom assessment, triage & support: the COSTaRS project Stacey, D (CAN)
1420 - 1450	Afternoon tea, Exhibition & Launch of the Lippincott/JBI e-book series (The Vines)			
1450 - 1600	Plenary Session: The missions strategies to get the evidence into action (Hickinbotham Hall) Keynote 1: Dr Ian Graham (CANADA), Getting knowledge into action (1450 - 1520) Keynote 2: Prof Jack Needleman (USA), The role of improvement science in getting evidence into action (1520 - 1550) Open forum/panel discussion (1550 - 1600)			
1600 - 1700	The Joanna Briggs Oration (Hickinbotham Hall) Dr David Tovey, Editor in Chief, The Cochrane Library			
1700	Close			
1900	JBI Convention Gala Dinner: Super Spies and Secret Agents! (Hickinbotham Hall)			

Wednesday 9th November - Day Three

08.30 - 0900	Registration Opens (Tea and coffee available)			
0900 - 1010	<p>Plenary Session: Mission impossible: Getting evidence into action</p> <p>Keynote 1: Prof Robbie Foy (UK), The challenges of implementation: Implementation science and its role in getting evidence into action (0900 - 0930)</p> <p>Keynote 2: Mary Salisbury (USA), The challenges of working together as a team: The TeamSTEPS program and its role in getting evidence into action (0930 - 1000)</p> <p>Open forum/panel discussion (1000 - 1010)</p>			
1010 - 1040	<p>Morning tea and Exhibition (The Vines)</p>			
Concurrent Symposia/ Sessions				
1040 - 1200	Mission 1: Evidence synthesis science (Hickinbotham Hall)	Mission 2: Evidence utilisation science (The Gallery)	Mission 3: Practice improvement science (Exhibition Hall)	Mission 4: Trans research science (Broughton)
1040 - 1100	Proportional meta-analysis for infusion-related infusions of rapid Rituximab infusion for NHL Lang, D (SING)	Strategic Sustainability of JBI Collaborating Centers Burns, P (USA) Salmond, S (USA) Gerard, P (USA)	Teamwork in the emergency department - a systematic evaluation of a new working routine Muntlin Athlin, A (SWEDEN)	The Signature Project: the challenges of setting up international KT collaborative research projects Kitson, A (AUS)
1100 - 1120	Measurement Accuracy of Non-invasively obtained Central Blood Pressure- A Systematic Review and Meta-analysis Cheng, H (AUS)	Propelling Athletic Training education into the future: Overcoming barriers to implementation of evidence-based practice concepts Manspeaker, S (USA)	Management of urinary incontinence in the older patient in sub-acute care: a best practice implementation project Pearce, S (AUS)	Promoting continence in nursing homes in four European countries: the use of PACES as a mechanism for improving continence care Kitson, A (AUS)
1120 - 1140	Critical appraisal tools: "Relax, it's much worse than you think" Crowe, M (AUS)	Falls assessment and prevention among older adults in the community setting with a previous history of falls: a best practice implementation project Trowbridge, K (AUS)	Managing the quality of sleep among elderly patients in ward 2 (AH) using the Pittsburgh Sleep Quality Index Rajaram, S (SING)	A Model for Professional Organization Development through Collaboration with the Joanna Briggs Institute Weeks, S (USA)
1140 - 1200	GINDER (Guidelines International Network Data Extraction Resource): a project to develop an international resource for evidence synthesis Hill, K (AUS)	A hand hygiene compliance sustenance program among registered and enrolled nurses in a haematology oncology unit Tan, C (SING)	The Centre for Clinical Effectiveness: enabling evidence-based decision-making in Victoria's largest health service Harris, C (AUS)	The GAI: a weapon for mass instruction Hardy, J (AUS)
1200 - 1300	<p>Lunch, Exhibition and Poster Display (The Vines and Hickinbotham Hall)</p>			

Concurrent Symposia/ Sessions				
1300 - 1420	Mission 1: Evidence synthesis science (Hickinbotham Hall)	Mission 2: Evidence utilisation science (The Gallery)	CNCF Symposium (Exhibition Hall)	Mission 4: Trans research science (Broughton)
1300 - 1320	Effectiveness of psychosocial interventions for cognitive dysfunction in cancer patients who have received chemotherapy: a systematic review Hines, S (AUS)	Preoperative fasting times among emergency orthopaedic patients in an acute hospital setting: a best practice implementation project Sanchez, K (AUS)	Welcome and introductions Pearson, A (AUS)	Outcome of evidence based practice workshop: successes and challenges Lee, G (SING)
1320 - 1340	Hospital nurse staffing models and patient and staff-related outcomes: an epic EPOC systematic review Schultz, T (AUS)	The management and prevention of inadvertent perioperative hypothermia (IPH) Munday, J (AUS)	How effective is tagging of nursing care relevant reviews in the Cochrane Library in assisting with accessing and using systematic reviews in practice? Kitson, A (AUS) & Conroy, T (AUS)	Mission possible: Improved self-efficacy in Evidence-Based Practice following Masters course Chang, A (AUS)
1340 - 1400	Effectiveness of Vitamin B12 on Recurrent Aphthous Stomatitis in long term care: A Systematic Review Liu, H (TAIWAN)	Complex interventions required to comprehensively educate allied health practitioners on evidence-based practice Dizon, J (PHIL)	How can the CNCF successfully initiate a nursing care relevant Clinical Trials Register? Hopp, L (USA) & Salmond, S (USA)	Challenges in facilitating an evidence translation clinical fellowship program to hospital nursing staff Kynoch, K (AUS)
1400 - 1420	Effectiveness of propolis on oral health for adults: a systematic review Hwu, Y (TAIWAN)	Reducing Falls at Southern Health: Putting our patient's first Rogerson, K (AUS)	Simplified and Traditional Chinese nodes Mu, PF (TAIWAN) & Yan, H (PR CHINA)	MISSION: Patient Centred Care - myth or reality Marshall, A (AUS)
1420 - 1450	Afternoon tea and Exhibition (The Vines)			
1450 - 1600	Plenary Session: The great debate: Motion: This house believes that the media fails to adequately promote the use of evidence in healthcare policy and practice Chair: Robyn Williams, Journalist (AUS) Presenter, Radio National For the affirmative: Richard Aedy (AUS) Broadcaster, Dr Lisa Hopp (USA) Purdue University Calumet, Rowan Callick (AUS), Columnist, The Australian For the negative: Prof Catharine Lumby (AUS) University of NSW, Prof Debbie Tolson (UK) Glasgow Caledonian University, Carmen Lawrence (AUS) Institute of Advanced Studies, University of Western Australia Closing speech: Professor Alan Pearson			
1600	Close
